

12.14.18

The holidays are here at last

With tidings of great cheer

But that means holiday hazards too

Are always drawing near

Poinsettia plants are poisonous

And tinsel hurts our tummies

Ornament hooks are pointy, OUCH!

And getting sick's not funny

Christmas tree water has turpentine

Which leaves us feeling nauseous

Not to mention menorahs with open flames

Should make you extra cautious

So take extra care this holiday

To keep your kitty safe

Cat-proof your plants, decor, and more

It's important so don't wait!

Happy Holidays everyone! This is Raptor reporting live from 1809 Magazine reminding you to cat-proof your home extra carefully this Holiday season - we kitties depend on you to keep us out of harm's way!

Over and out,

Raptor 🐾🐾
